## Empowered Fathers and Sons A Guide to Common Courtesy

It would be appropriate to role play and practice some of these items, if time is available. Take advantage of opportunities throughout the month to practice and reinforce the Common Courtesies listed below.

- Treat others the way you want to be treated
- Always say please and thank you
- When you enter or exit a door look around to make sure you hold it for another person
- Look people in the eyes when you talk with them
- When greeting someone with a firm handshake, look them in the eye and say something like, "Pleased to meet you," or "Nice to see you"
- Don't be on your phone when someone is talking to you
- Always do your best to be on time for commitments
- Smile
- Show concern for those around you
- Be kind and show respect
- If you see someone who looks like they need help, ask if you might help them

### Discuss:

What are other ways we can show courtesy to others?
