

Sexual Integrity Strengthens Us Counterfeits

Ask:

What is a counterfeit?

- 1 Explain that a Counterfeit is an imitation of something that is made to trick or deceive people into thinking it is the real thing. For more definitions, see [here](#).

Ask:

People often try to counterfeit money. Can you tell the difference between the real money and the counterfeit money?

- 2 Show the child(ren) the picture.

Discuss:

"Real" vs. "Fake" – How could you tell which bill was real? What made it look fake?

- 3 Just like with money, relationships can have counterfeits. One of these counterfeits is the lie that sex before marriage is an expression of love. It is not. See more [here](#).
